

**Green Valley Tea Pvt. Ltd.**

Est: 2019

### *Our Story*

Green Valley Tea Pvt. Ltd. is one of the leading and most accredited tea manufacturing Company in Nepal. The company was established in the year 2019 with a SIMPANI TEA Brand by a group of young enthusiastic entrepreneurs aiming to introduce amazing organic Nepal tea to the world. It is located in Sakhejung, a rural area of Ilam district, which is covered with different climate and very beautiful scenery at an altitude of 1800 meters in Nepal which is also one of the best and world-famous tea producing places.

Simpani Tea provides lucrative employment opportunities to hundreds of disadvantaged and marginalized locals. The Company owners also have their own tea garden. In 2021, it was recognized as an Organic Tea Processing Factory. This factory, run by diligent, hardworking and skilled youth, produces clean and healthy beverage tea in various types and flavors.

Simpani Tea, at the time of inception, had an installed capacity of 1 hundred thousand kgs of made tea per annum. However, due to the high acclaim of our products and the aim to make our organic tea known in the national and international market, only 40,000 to 60,000 KGs are produced depending on the quality.

# The Tea Team

---

We are a team of tea lovers!

It's hard to keep any of us from identifying, curating and delivering the best tea to our customers. Right from identifying the right teas, till the last mile delivery there is an expert to ensure that only the best reaches the customers.

There is possibly only one thing we are profoundly serious about – getting it all perfect all the way through!
